Conference

WELCOME

Welcome to the Sava Residential Surveying Expo at the Coventry Building Society Arena.

Formerly known as the Careers Fair, the Expo has evolved into much more – a hub for networking, sharing best practice, and exploring new opportunities in the surveying profession. This event brings together industry service providers, professionals, and firms, offering a platform to connect, learn, and grow.

In the exhibition area, you'll find numerous firms ready to discuss employment opportunities and share insights into working within the profession. Professional support services and software providers are also here to demonstrate how their tools can enhance your role as a surveyor.

You're also welcome to attend the conferences running alongside the exhibition, with full agendas available on page 4 of the brochure, to help you plan your day:

- The Careers Conference offers a chance to hear from firms of all sizes and self-employed surveyors about their experiences. Whether you're considering a career in surveying or exploring post-qualification options, you'll gain invaluable insights.
- The Technical Conference focuses on industry trends and upcoming technologies, whilst also providing opportunities for CPD.

A huge thank you to our exhibitors, speakers, and sponsors, without whom this event wouldn't be possible.

Wherever you are on your career journey, we're delighted to have you here. Enjoy the Expo!

HELEN ORME

Director of Marketing and Training Sales, Sava

TECHNICAL CONFERENCE SPEAKERS

HILARY GRAYSON

Director, **Sava**

Hilary is passionate about building skills and creating opportunities within the surveying profession. As co-author of the original Diploma in Residential Surveying and Valuation alongside Chris Rispin, she has played a pivotal role in shaping qualifications that empower professionals in the industry. With a wealth of experience spanning commercial property, local government, and including a tenure at RICS, Hilary now focuses on developing new qualifications and expanding Sava's activities within residential surveying. Her commitment to fostering expertise and innovation continues to drive her efforts in elevating the profession.

MATT NALLY

Founder and CEO, **Survey Booker**

Matt is the founder and director of Survey Booker, dedicated to revolutionising the surveying industry. With 15 years of operations experience, he helps surveyors become more efficient and effective through technology. Survey Booker is the leading CRM in the industry, supporting all sizes of surveying businesses to achieve their goals. Customers can book surveys easily, and surveyors can connect industry software with a click, from lead generation to report writing to streamline processes. Matt's leadership has earned him a reputation as a pioneer in the industry. He's committed to driving innovation and supporting surveyors to succeed with unparalleled support.

TIMOTHY BANNISTER

Director of Property Science Innovation, **Rightmove**

Tim is the Director of Property Science Innovation at Rightmove combining data, technology and analytics to develop unique insight and drive property decision making. He is a regular guest on many national news outlets such as the BBC, Sky News and Bloomberg, discussing the latest data and key factors impacting the property market. Tim previously ran Rightmove's Lettings and Overseas businesses, and before joining Rightmove in 2010, Tim worked in investment banking and strategy consulting. Tim holds an MBA from the Wharton School, The University of Pennsylvania, USA.

MARTIN BEATTIE

Vice Chairman, **National Association of Drainage Contractors (NADC)**

Martin Beattie is a founding member and Vice Chairman of the National Association of Drainage Contractors (NADC) and has played a critical role in the development of the NADC, the National Drainage Academy, and the Drain Safe Contractor scheme. With over 30 years of experience in the drainage industry, Martin has a wealth of expertise and provides CPD courses to recognised blue-chip companies and trade organisations across the UK and Ireland. Martin has recently been working on the 'Manual of Drain & Sewer Cleaning' and the forthcoming Certified Drainage Assessor course, which has been developed specifically for property professionals, both in partnership with Peter Henley at WRc.

TECHNICAL CONFERENCE SPEAKERS

JOHN BAGULEY

Principal - Mortgage Policy, **UK Finance**

John Baguley is the Principal of Mortgages at UK Finance. A Chartered Surveyor, Accredited Mediator, and qualified Ombudsman, John has extensive experience and expertise in the profession. He previously held senior roles as Director of Technical, Risk and Compliance at Countrywide Surveying Services and Tangible Assets Valuation Director at RICS, as well as serving as an Ombudsman at Ombudsman Services. John has appeared on radio on several occasions and contributes to journals about property related issues.

ALISON STONE

Founder, **Alison Stone Surveyors**

Alison Stone is a specialist in lease extension and freehold enfranchisement valuation, with over 18 years of experience in the Leasehold Reform sector. She has successfully represented both lessees and freeholders, tackling complex cases involving large, well-known freeholders, and has appeared at Tribunal on behalf of her clients. In addition to her practice, Alison began training other valuers two years ago, sharing her extensive knowledge and expertise. Her dedication and excellence were recognised last year when she won Valuer of the Year at the Enfranchisement and Right to Manage Awards, solidifying her reputation as a leader in the field.

LOUIS BLAXILL

CEO, **GoReport**

Louis Blaxill is the CEO of GoReport, the leading digital data collection and reporting software for surveyors. With a strong background in technology leadership and innovation, Louis joined GoReport to drive the company's strategic growth. "I believe that technology has a critical role to play in improving the experience of both surveyors and their customers in our industry. For over 10 years, GoReport has been transforming the way residential and commercial surveyors operate by improving the efficiency, quality and consistency of their reports. Our mission is to reduce the time you spend capturing data and formatting reports so that you can improve turnaround times, conduct more surveys, and spend more time advising your customers."

COLIN HORTON

Commercial Director, **Project & Co.**

Colin Horton is Commercial Director at Project & Co. Colin has a wealth of expertise in the property industry. He has overseen over 4,500 lease extensions and enfranchisements. A seasoned short-lease property investor, Colin's insights have earned him recognition as a top 11 podcaster, and he is also a prominent figure on Channel 4's Selling Super Houses. Colin is an ambitious entrepreneur and is determined to make Project & Co. an industry leader in the lending and building surveying space.

CAREERS CONFERENCE SPEAKERS

AUSTIN BAGGETT

Managing Director, **Sava**

Austin leads the Sava team and joined the company in 2001. He's spent 33 years promoting standards within the built environment, including being part of the teams that developed BREEAM in the early 1990s and the EPC energy rating system in the early 2000s. Before joining Sava, he worked in technical and marketing roles within contracting, manufacturing, and consultancy. His current passion is to create opportunities for people to join the surveying profession - creating holistic professionals who can help make the UK's homes better places to live in. He's a chartered engineer, and an eminent fellow of RICS.

DANIEL KNIGHT

Sava Graduate and Founder, **HomeScan**

Daniel Knight is a Sava Graduate and the Founder of HomeScan Surveyors. Before starting the Sava diploma, Daniel worked as a day trader, buying and selling stocks and shares within the same trading day. After graduating in October 2023, he transitioned to become an independent surveyor. His efforts have not gone unnoticed, as he is a finalist for the RICS Matrics Residential Surveyor of the Year Award 2024. In his talk, Daniel will share his journey from trading to surveying, his experiences during his studies, and insights on setting up independently.

RYAN OAKES

Sava Graduate and Head of Sales, **Surventrix**

Ryan Oakes is the Head of Sales at Surventrix, overseeing all client-related activities, from onboarding new clients to account management and support. After years of working in car sales and sales management, Ryan sought a new career path, leading him to qualify as a Residential Surveyor and Valuer through the Sava Diploma. He met Ian Bullock (below) at this event in 2021 and began working with him as a residential surveyor once qualified. A year later, his unique background experience of sales, surveying, and previous use of Surventrix led him to the role he has today. His diverse background and personable approach allow him to build strong relationships and really understand the wants and needs of surveyors. This has contributed to Surventrix's continued success in the market, as it goes from strength to strength.

IAN BULLOCK

Chief Operating Officer, **Surventrix**

Ian Bullock is the Chief Operating Officer at Surventrix, where he oversees operations and drives strategic growth for the company. In addition to this role, Ian is the Managing Director of Carpenter Surveyors, a respected firm specialising in residential property surveys and valuations. Ian has over 25 years' experience as a Chartered Surveyor and RICS Registered Valuer. His leadership at both Surventrix and Carpenter Surveyors has been instrumental in fostering innovation, operational efficiency, and high-quality service within the property industry.

CAREERS CONFERENCE SPEAKERS

ADAM BAKER

Field Surveying Director, **SDL Surveying**

Adam had 20 years of experience in Corporate and SME Estate Agency in the Midlands, before joining SDL Surveying in 2005. Across his career, he has amassed nearly 40 years of experience in the residential property market in a range of locations across the UK.

ADRIAN DRUMMOND

Training Manager and Area Surveyor, **SDL Surveying**

Adrian is a Training Manager responsible for the SDL Surveying Academy which oversees the development of trainee surveyors and provides ongoing CPD to staff surveyors and SDL's network partner firms. Adrian is an AssocRICS counsellor as well as an APC and Sava assessor. Adrian trained to become a Chartered Surveyor at a general practice firm in the North East of England and qualified in 2007. He has worked for SDL Surveying since 2011 and is a keen music and fitness enthusiast.

SCOTT BODEN

Sava Graduate and Residential Surveyor, **Fourth Wall**

Scott Boden is a former professional footballer who recently transitioned into his new career as a surveyor and valuer. During his 17-year football career, Scott had developed several properties giving him a real feel and experience in the residential sector, so when the time was approaching for Scott to hang up his boots, after much research, he chose to embark on the Sava Diploma in Residential Surveying and Valuation. Now working full-time in the property industry, Scott is enjoying his new career and hopes to develop his expertise and work towards earning MRICS Chartered status in the coming years.

DAVID ELLISON

Managing Director, **Pinnacle Surveyors**

David Ellison is Managing Director and part-owner of Pinnacle Surveyors. David has been instrumental in the growth of Pinnacle Surveyors from 2 to 80+ surveyors since the formation of the business in 2010. David has had a varied career within the surveying industry, starting as a mining surveyor followed by periods of self-employment and Local Authority positions, before moving fully into a residential surveying and valuation role in 2002. David manages Pinnacle Surveyors on a day-to-day basis, but still undertakes some valuations and surveys to ensure he has knowledge of the working day of a surveyor. David is an industry-recognised leader, having won the British Specialist Lending Awards Business Leader: Surveyor four times and has been a finalist in the British Mortgage Awards Business Leader: Surveyor twice.

CAREERS CONFERENCE SPEAKERS

JOE ELLISON

Business Improvement Manager, **Pinnacle Surveyors**

Joe Ellison specialises in residential survey and valuation in his role as a Chartered Surveyor and Business Improvement Manager at Pinnacle Surveyors; his job encompasses managing change, innovation, and relationships within the business alongside working day-to-day as a practising surveyor and valuer. Joe is also a member of the RICS Residential Professional Group Panel. Since qualifying as MRICS in 2019, Joe has been named as a finalist at the British Mortgage Awards, a winner of RICS Matrics Residential Surveyor of the Year and a PropertyWeek RESi Trailblazer. Joe is also an Associate Tutor for UCEM and has recently completed an MBA through Nottingham Trent University.

MATTHEW SIDDONS

Sava Graduate and Head of Recruitment, **e.surv**

Matt has been involved in Surveyor recruitment for 10 years and completed the Sava diploma in 2022, achieving his AssocRICS. He became a member of the RICS East Midlands regional board in 2023 with a focus on supporting member engagement and loves nothing more than providing advice and guidance to those looking to become a Residential Surveyor.

CLAIRE MARTIN

Learning and Development Technical Partner, **e.surv**

Claire has been a Chartered Surveyor for over 20 years and has extensive experience with both residential and agricultural properties, spending her early career undertaking Red Book valuations for secured lending and expert witness purposes. She currently focuses her energy on sharing her knowledge and experience as a Technical Partner in the Learning and Development team at e.surv.

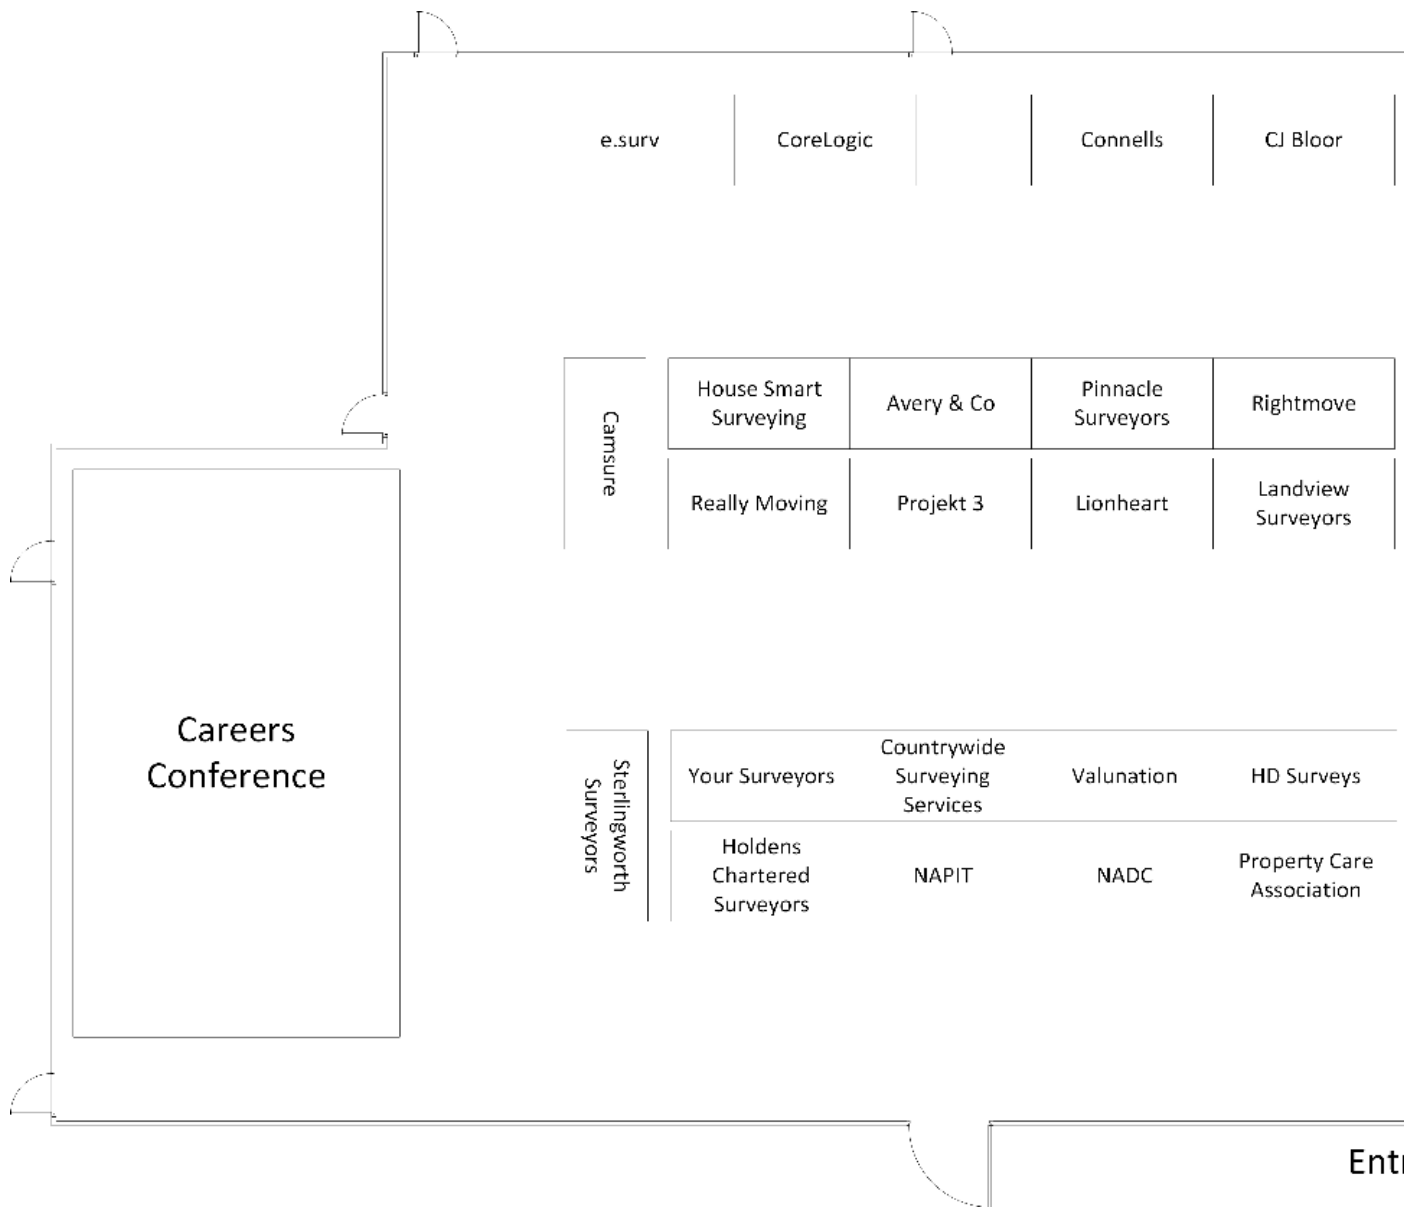

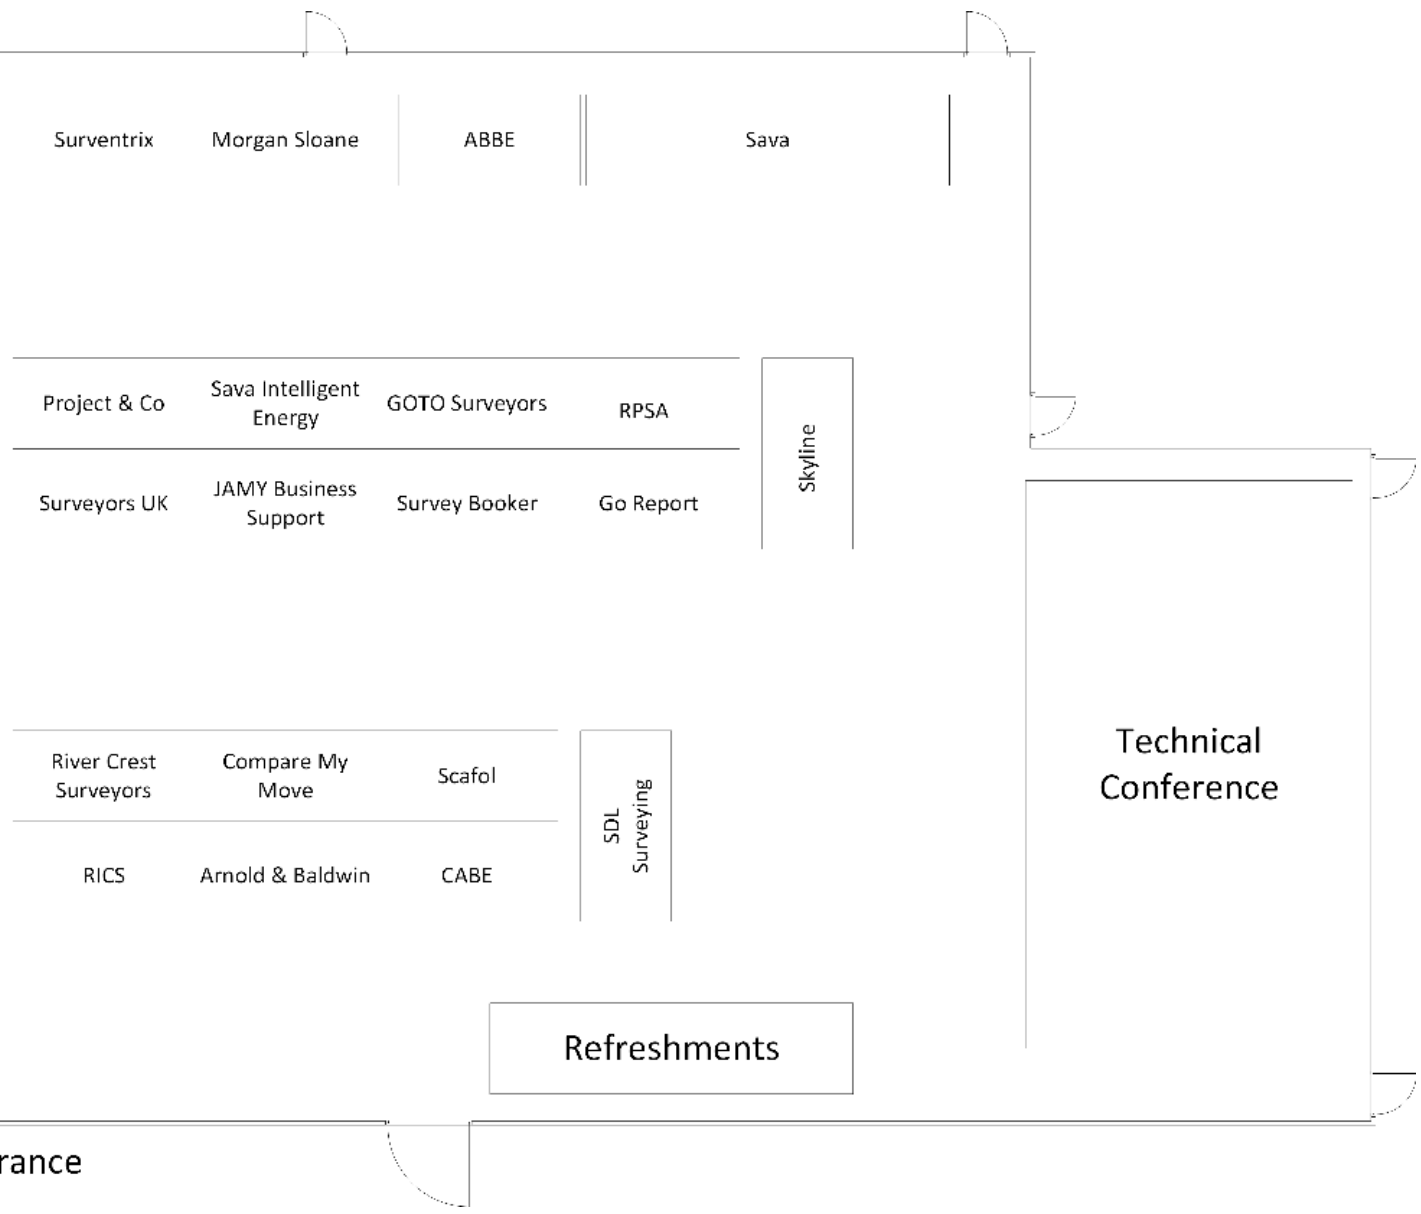

NATASHA PALCZUK

Sava Graduate and Operational Surveyor, **e.surv**

Natasha Palczuk AssocRICS has worked in surveying and property valuation for 9 years, qualifying through the Sava programme and achieving her AssocRICS in 2020. She joined e.surv in 2019 and continues to develop her expertise as an Operational Surveyor and Registered Valuer. In addition, she supports the e.surv Learning and Development team, taking an active role in the induction of new starters.

EXHIBITORS

The Awarding Body for the Built Environment

ABBE offers a wide range of qualifications, from preparing you for work, through to developing your professional expertise and progressing your career.

ABBE has developed considerable expertise in overseeing high quality assessment for qualifications, ranging from Level 1 to Level 6 covering a variety of disciplines and a range of sectors, including:

- Building Control
- Retrofit
- Energy Assessment
- Green Energy
- Thermography
- Property
- Installation
- Fire Intervention
- Legionella
- First Aid
- Health & Safety

We also offer a range of bespoke qualifications.

ABBE has a nationwide network of centres through which training and assessments can be undertaken.

ABBE is regulated by Ofqual. Our qualifications are nationally recognised, helping learners to achieve their full potential and ambitions.

ABBE Values - Quality through Standards

Our aim is to provide a high-quality experience by building a strong community of mutual support and trust. We can use our collective talents to build meaningful partnerships to help us all to achieve our goals. ABBE is a recognised Awarding Organisation with strong professional integrity.

For further information please visit the ABBE website www.abbeqa.co.uk

You can also contact us at abbeenquiries@bcu.ac.uk or on 0121 331 5174

Location: London & the South East with Head Office in Croydon

Salary: Competitive salary depending on experience, training to achieve MRICS status, generous holiday allowance and excellent benefits

Arnold & Baldwin is an award-winning, market leading firm of Chartered Surveyors offering excellent service levels to a combination of private customers and corporate clients across London and the South East. Given our ambitious growth plans, we would like to hear from surveyors to carry out private residential homebuyer reports, and receive training to undertake building surveys.

If you're looking for a fresh challenge and feel that you uphold our core values of being honest, approachable experts, we would like to hear from you. Whether you're interested in finding out more about life as an Arnold & Baldwin employee, or would like to hear about how we partner with Consultant Surveyors, we would love the opportunity to speak with you. We are ideally hoping to hear from surveyors who have achieved AssocRICS or MRICS/FRICS status, and who have experience of carrying out homebuyer reports, mortgage valuations or building surveys. We also would love to hear from Sava candidates who wish to hear about future vacancies, as we may have a hybrid learning/sales role coming up shortly!

What can we offer you? We offer competitive rates of pay, a fantastic benefits package (including car allowance, 26 days leave and your birthday off, fresh fruit, pension contribution, company phone and more). As a company, we encourage our team to take their qualifications as far as they can, so for AssocRICS applicants we can help you to attain MRICS status too. We have a stunning lofty office space that we call home, and it's filled with some of the most supportive and inspiring people in the industry.

If this sounds interesting, please email your CV to Talent@arnoldandbaldwin.co.uk. For an informal conversation about working with us please call Joe Arnold on 07765 033650, and have a look at what our team say about working with us at: www.arnoldandbaldwin.co.uk/videos/recruitment. We look forward to hearing from you.

EXHIBITORS

Founded in 2004, Avery & Co are specialists in the survey and valuation of residential property. We pride ourselves in our experience, high standards, and team values. Our surveyors offer a service across the North West of England and North Wales, acting on behalf of both private and corporate clients.

We have helped our previous recruits build on the foundations laid by Sava through developing their practical and technical skills with experience and mentoring. This has allowed them to become both fantastic surveyors, and highly valued members of our team. We strongly believe in providing our surveyors with all the help and support they need to reach their potential. Our mentor surveyor provides on-going encouragement, advice and supervision allowing recruits time to build confidence within their role, and enabling them to produce work to a high standard. We are also able to support APC candidates through their assessments, and provide additional courses and training including; dampness and timber, and EPC qualifications.

As we continue to build on our excellent reputation as a first-class provider in residential survey and valuation services, we are always looking to recruit enthusiastic, hard-working and team orientated graduates. If you would like the opportunity to join us, you will need great communication skills, attention to detail, and believe in working to high standards.

If you would like to get in touch, please email Kate Avery at kate.avery@averysurveys.co.uk.

www.averysurveys.co.uk

Chartered Association of Building Engineers (CABE) is a member-focused non-profit organisation that brings like-minded professionals together.

We are an internationally recognised professional body. Membership of CABE shows your peers, employers and the public that you are a competent and ethical professional who can be relied upon to strive for the highest possible standards.

CABE members work across the life-cycle of the built environment specialising across a wide range of disciplines. By bringing these disciplines together CABE shares knowledge, raises standards and develops professionals, enabling a professional construction sector that works to create better, safer and more sustainable buildings that enhance people's lives.

Join the Award-Winning Pinnacle Family!

Who are Pinnacle Surveyors?

Pinnacle Surveyors is one of the largest independent firms of Residential Valuation Surveyors, with over 80 surveyors operating throughout England, Wales, and Northern Ireland. We are an award-winning firm, having amassed recognition in over 15 ceremonies.

We are a leading provider of Valuations for Secured and Specialist Lending and supplement this work with additional Residential Valuations and RICS Home Surveys for private clients.

Our current aim is to achieve nationwide coverage, so we are presently looking for surveyors to provide additional coverage and capacity to our lender and private clients.

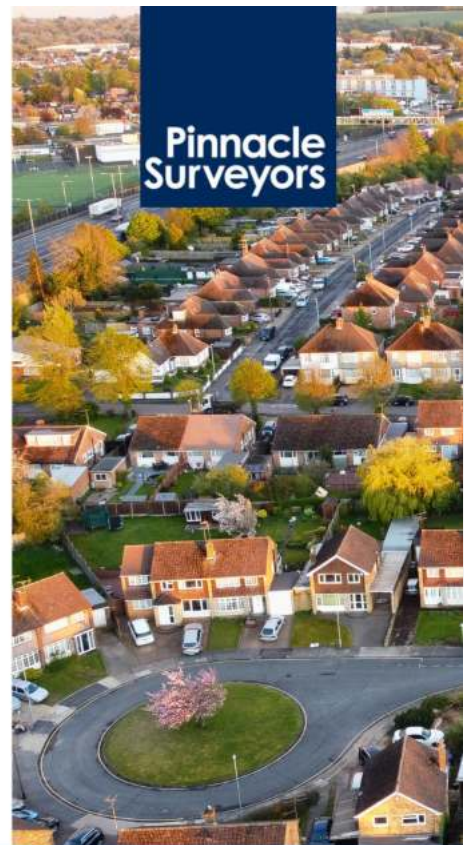

Our employment packages and support systems are designed to provide our surveyors with their desired level of work-life balance whilst providing a first class service to our clients.

Who are we looking for?

We are seeking VRS registered AssocRICS, MRICS, or FRICS Residential Surveyors. An ideal employee will be highly motivated with a 'right first time' mindset and approach to their work. Experience of CoreLogic systems is beneficial but not essential.

What do we offer?

- Negotiable salary and bonus structure
- Flexible working options
- Car allowance or electric company car
- Sensible area of coverage
- Subsidy of RICS and VRS fees
- IT equipment provided
- Full training on systems where required
- Guaranteed formal CPD, plus plenty of provisions of informal CPD throughout the year

EXHIBITORS

We are an independent, award winning, progressive, forward-thinking company utilising the latest Scafol Surveying APP software to enhance user experience and provide an improved work-life balance. Due to our unrivalled customer service and client centred approach, demand for our services has increased exponentially, leading to further opportunities within the business.

We specialise in RICS Level 2 and Level 3 (Home Buyer Reports and Building Surveys) together with RICS Red Book valuations. We do not undertake secured lending valuations and this is not envisaged going forward.

We believe our employees are the heart and soul of our business and should feel valued, enjoying their work environment whilst at the same time offering them the opportunity to earn impressive bonuses with an industry leading remuneration package.

We wish to hear from RICS accredited professionals or those who are soon to be RICS accredited who we would also welcome a conversation with. We offer a highly attractive basic salary and a genuine opportunity to earn handsome bonuses with a flexible car package, payment of RICS fees and continued training and CPD together with career progression for the right individuals.

If you are seeking a new challenge and wish to join an exciting and progressive company with expanding opportunities please find us in the exhibition hall for an informal discussion or contact us at your convenience after the event.

www.camsurehomes.com

Sava would like to thank Camsure Home Surveys for sponsoring this year's event.

CJ Bloor Property Consultants stands at the forefront of the property survey and valuation sector in the United Kingdom. As one of the industry leaders, we specialise in delivering comprehensive RICS Home Surveys and Valuations tailored to meet a wide range of client needs.

Our home survey service caters predominantly to pre-purchase requirements, ensuring our clients make informed decisions when buying property. Additionally, we offer an extensive range of RICS valuations, serving purposes such as Help to Buy, Shared Ownership, Probate, Capital Gains Tax, and Private Sales.

By leveraging our expertise and dedication to excellence, we aim to uphold the highest standards of practice in the property surveying and valuation industry, making us a trusted and reliable partner for all your property-related needs.

Compare My Move provides high-quality surveying leads across the UK. To ensure you receive relevant leads, we offer leads for RICS Home Survey Levels 2 and 3, Valuation Report, Snagging Survey, and Party Wall.

For over a decade, we have pioneered the lead generation space by ensuring the leads you receive are high-quality and relevant. We also don't quote customers, so there is no race to the bottom. This means you have an increased chance of improving your conversion rates compared to other providers.

What makes Compare My Move stand out from other lead providers is that we give you full control over your lead volumes. You can pause and activate leads using our Lead Manager app and view high-demand, low-competition areas on the Postcode Data Tool.

Our New Business Team will assist with your onboarding experience and ensure everything is set up within an hour.

We'll be at this year's Residential Surveying Expo hosted by Sava and members of our New Business Team will be on hand to answer any questions you may have. Take advantage of our BOGOF offer and we can also get you set up within an hour!

Are you looking for a successful career with one of the country's leading surveying firms?

On Connells Survey & Valuation's training programme, you will have access to first class structured training and support. We're looking for candidates with a passion for residential property and surveying who are highly motivated, keen to progress and thrive in a setting that blends technical training with on-the-job work experience.

By combining classroom learning with regular assessment and practical experience shadowing surveyors, we aim to provide our Trainee AssocRICS Surveyors with the skills needed for a long and successful career as a Valuation Surveyor in a company where there are genuine opportunities for career progression.

We will take you on a bespoke journey tailored to your individual needs, picking up where Sava left off and giving you first-class training from mentors and your Area Director until you are a fully operational Connells Survey & Valuation Surveyor.

Please contact Neale Smith (Head of Recruitment) on 07393 797350 / SVCareers@connells.co.uk or visit www.connells-surveyors.co.uk/recruitment

CoreLogic

CoreLogic UK supports the property services industry, delivering surveying and workflow technology, combined with data and analytical insights.

Our solutions help clients to streamline operations, improve performance, make smart decisions and mitigate property related risk.

Over 95% of all Mortgage Valuations in the UK are instructed using CoreLogic's technology, with over 2500 surveyors using our mobile valuation applications in the field.

We not only provide software solutions to facilitate the life-cycle of a survey or valuation instruction, but we also support the retrofit industry, with market leading technology designed to assist the assessment, installation and reporting of energy efficiency measures.

By unlocking value in the property ecosystem, CoreLogic U.K. empowers real estate professionals, financial institutions, social housing providers, insurance carriers and other housing market participants with solutions that optimise and elevate how they serve their end-customers.

If you've not had the opportunity to try our software, or you're interested in utilising your skills in the Retrofit space, come and speak to our team at the Sava Expo 2024.

Countrywide Surveying Services

Countrywide Surveying Services is one of the leading suppliers of Residential Valuation and Surveying Services in the UK undertaking valuations for prime High Street lenders across the country as well as all types of surveys for private clients, including our recently launched and hugely successful Homefact Report.

We employ over 700 personnel including around 450 in house RICS qualified surveyors covering most UK postcodes. We offer a full range of valuation and surveying services to meet the needs of the home buying public, mortgage lending community and related property advisers.

As you would expect Countrywide Surveying Services is a business regulated by the Royal Institution of Chartered Surveyors.

We are committed to increasing capacity and skills development across the industry and through our pioneering AssocRICS Surveyor Academy our multi million pound investment has resulted in over 300 surveyors graduating through our in-house training programme to become RICS qualified surveyors and UK accredited Registered Valuers. We are able to demonstrate an excellent track record of mentoring and training Sava graduates, from their first level of professional qualification and with a widening of skills in the workplace, onwards to full Chartered MRICS status.

We are strong advocates of surveyor lifelong education and training working alongside a number of market leading and trusted partners to promote and support a next generation of surveyors towards a hugely rewarding career in residential property surveying.

Come along and meet us, talk with some of our graduates and more experienced surveyor colleagues to discover more about opportunities available with Countrywide Surveyors.

For more details or to be introduced to one of our colleagues please contact:

EXHIBITORS

**Walker Fraser Steele
Chartered Surveyors**

We're passionate about inspiring and coaching the next generation of residential surveyors and valuers.

As the largest provider of residential property valuation, surveying and risk services in the UK, we provide fantastic opportunities to those choosing a career in surveying and valuation.

Whether you've graduated with a RICS-accredited degree, you're studying for a Sava qualification, or you're a property professional looking for a career change, please talk to us about our opportunities.

We recognise that everyone is different, so ours is not a one-size-fits-all approach. Through an effective mix of on-the-job training, study days, workshops, and blended learning, you will be guided through the programme from beginning to end by our Learning and Development Team, your one-to-one mentor, and a support network of subject matter experts across the business.

And there really is a wealth of experience to draw upon. We're part of the LSL Property Services PLC Group (which includes household names Your Move, Reeds Rains and PRIMIS Mortgage Network) and we employ over 600 RICS-registered surveyors in England, Scotland, Wales and Northern Ireland.

Since our AssocRICS Programme began, we've launched the careers of over 400 Surveyors, and we are seeing people progress in a wide range of roles including surveying, valuation, data, project, quality, risk and management. We couldn't be prouder of our colleagues and the work that they, and the rest of the e.surv and WFS team, have put in to make this happen.

Once qualified, our surveyors never stop their personal, professional and career development. Our Learning and Development Team ensures everyone has access to the training they need to develop and keep abreast of changes in policy, surveying methods, building regulations, and more. There's always more to learn and many ways to progress your career with e.surv or Walker Fraser Steele.

So, if property is your passion, you've certainly come to the right place. Please come and chat to us to find out more about what life is like as a Surveyor with us.

Steve Goodall, Managing Director, e.surv

www.esurv.co.uk

Sava would like to thank e.surv for sponsoring this year's event.

GoReport is the market-leading solution that digitises surveying, inspection, reporting and analysis for residential and commercial property surveyors.

Our solution is designed to significantly enhance the efficiency, quality, and consistency of the surveyor's workflow. We offer surveyors the flexibility to easily design, build, and customise any type of survey or choose from an extensive library of ready-to-use, pre-defined standard templates, including the full RICS Suite of Home Survey Standards.

Adopting digital data collection and reporting tools brings significant benefits to the individual surveyor and to the business they operate in, whether they are a sole trader or a large corporate with many surveyors and a supporting team. We can confidently state this with the success of hundreds of clients currently use GoReport to support their business!

We offer solutions that serves every type of residential survey, including:

- Fully Bespoke Building Surveys
- RICS Home Survey Level 1-3
- Private and Mortgage Valuations
- Scottish Single Survey & Mortgage Valuation
- Timber and Damp Surveys
- Structural Survey
- Industry and Panel Standards
- And many more...

We invite you to visit our stand at the Sava Expo to learn more about the benefits of digital for your customers and your business. Alternatively, you can visit our website www.goreport.com to explore our innovative solutions and discover how we can help you optimise your workflow.

Sava would like to thank GoReport for sponsoring this year's event.

GOTO SURVEYORS

GOTO Group provides an end-to-end property solution on a single platform in the UK. Whether it is surveys, mortgages, conveyancing, removal services, or online auctions, we offer access to a comprehensive range of quality property products. Our platform is unparalleled in the market.

As surveyors, we benefit from our own “in-house” sourced survey work and are seeing rising volumes.

We're looking for VRS/RICS Residential Surveyors across the UK. As a Residential Surveyor, you will be responsible for conducting L2 and L3 RICS surveys, some associated valuations, and assessments of residential properties. This includes inspecting properties, evaluating their conditions, identifying potential issues or hazards, and providing detailed reports. You will work closely with clients, stakeholders, and other professionals in the property industry.

Sava would like to thank GOTO Surveyors for sponsoring this year's event.

Join the Team That's Transforming Homes and Lives!

At Housing Disrepair Surveys Ltd (HDsurveys Ltd), we're not just inspecting properties - we're empowering people!

Our nationwide dynamic team is on the frontlines, helping overcome the challenges of housing disrepair via our Expert Witness and stock condition divisions. We provide our clients with the expertise they need to transform living conditions, and now we're looking for passionate professionals like you to join us in making a difference.

We are also seeking ambitious surveyors to join our Home Buyer team who provide outstanding survey reports based upon personal liaison with each customer; we take pride in selling quality and not making price the priority.

With a strong commitment to excellence and customer care, we offer a career where every day is different, and the work you do directly improves people's well-being. We believe that diligent surveyors care about their customers, and we offer exceptional earning and progression potential for our team in recognition of their valued skills and knowledge.

Ready to make an impact? Together, we'll not only inform customers with our best-in-class reports but offer solutions to fix homes, and change lives, one survey at a time.

Holdens Chartered Surveyors is a dynamic, family-run private practice, known for its expertise in property and construction. Our firm, proudly boasting members of the Royal Institution of Chartered Surveyors, the Chartered Association of Building Engineers, and Propertymark, provides an exceptional standard of service to clients across a range of sectors.

Formerly known as Michael Holden Chartered Surveyors, our practice has a rich history, built on over a decade of excellence and trusted client relationships. Today, under a new generation of leadership, we blend traditional values with innovative solutions, positioning us at the forefront of the industry.

What sets Holdens apart is our dedication to nurturing talent, fostering a collaborative environment where team members thrive. With exciting projects ranging from residential surveys to commercial ventures and heritage building work, our team enjoys diverse, challenging, and rewarding experiences.

We are more than a workplace – we're a community of professionals who share a passion for excellence, development, and making a difference in the property world. Holdens is where your career in surveying and property grows with purpose.

holdenscs.co.uk

The very best at business support for RICS-accredited surveyors across the UK.

Do you spend far too much time on admin and not enough on growing your business? At JAMY, we're here to make your life as easy as possible.

We work with small to medium-sized surveying firms looking to solidify their base in order to increase sales, cut costs and/or grow their team, whilst increasing revenue. We will maximise the conversion from your current lead sources; cut unnecessary costs and explore other ways for you to gain more clients. We will also cut down the time it takes you to perform your services by automating processes, making it easier for you and your teams to focus on what does need manual work.

Whether you need a team or have a team that needs complementing, we are your go-to for helping you achieve your goals.

From having your templates and searches prepped ahead of your inspection; to sales and admin (we convert your leads VERY well); to proofreading your reports before issue. We also have a brand new reception service launching shortly, where you can have someone who understands surveying pick up your calls, and in most instances, issue an instant quote to your clients.

Landview
RICS Regulated Surveyors

We are a RICS regulated company and registered valuers with a five-star rating on Trustpilot, offering residential surveying services across England.

Landview Surveyors was started to break the perception around residential surveys providing broad stroke advice and not enough property-centric information. We pride ourselves on client satisfaction and therefore we do not sacrifice quality, for quantity.

We provide our surveyors with the support they need to develop, grow and succeed. Covering their local patch, surveyors conduct Level 2 Homebuyers reports, Level 3 Building surveys and valuations (if VRS registered).

We are a company that believe in their people, encouraging fulfilment and serious career progression.

Having grown from “one man band” to a team of surveyors across the country, our collective mission is to continue our growth and become the stand out brand for residential surveying.

If you want to be more than just a number, we would love to hear from you.

LionHeart

LionHeart is the independent charity for RICS professionals, past and present, and their families.

Our aim is quite simple: to be there for members whenever life throws them a curve ball, from the very beginning of their career as an APC candidate or apprentice, right through to retirement.

www.lionheart.org.uk

EXHIBITORS

We are Morgan Sloane Chartered Surveyors, an independent firm of Chartered Surveyors who provide specialist property valuations and related advisory services. Morgan Sloane was founded in 2012, although we have been practicing individually since 1999.

At Morgan Sloane, we are RICS registered valuers, regulated by the Royal Institution of Chartered Surveyors (RICS), members of the Association of Leasehold Enfranchisement Practitioners (ALEP), the Residential Property Surveyors Association (RPSA) and the Independent Surveyors and Valuers Association (ISVA) – we find this provides our clients with confidence, knowing that their needs will be handled with the utmost professionalism and diligence.

We specialise in residential survey and valuation work but have a broad client base including corporate and private clients and are lucky to undertake a variety of work including valuations for: Lending, Insurance, Help to Buy, Lease Extension & Freehold Enfranchisement, Ground Rent Valuations, Inheritance Tax, Portfolio Valuations and much more. We also offer RICS compliant property condition surveys, independent damp and timber surveys and Land Registry compliant plans.

We pride ourselves on our rapid turnaround and highly detailed reports, giving clients exactly what they need with a friendly team always willing to provide explanations and advice in addition to the written report.

As a business we operate slightly differently to most surveying practices, we believe in empowering our surveyors who have unlimited earning potential and total control over their work life balance. Most of our surveyors have other commitments outside of Morgan Sloane and fit a well-paid rewarding career with us in with their other interests.

All of us are home based and so location is not important, we have opportunities all over the UK. If this sounds like the kind of team you would like to join, call us today for free on **0800 161 5767**, send us an email to info@morgansloane.co.uk or read more on our website here: www.morgansloane.co.uk/about-us/our-team/join-our-team

The National Association of Drainage Contractors (NADC) represents the contractor industry in the UK, Ireland and Northern Ireland. Its members offer a wide range of drainage services, including drain clearing and cleaning (mainly using high pressure water jetting), CCTV drain surveying, electromechanical and milling services, excavation and repair, patching and lining, as well as vacuuming and tankering. NADC offers a range of training courses and certification and has introduced a Certified Drainage Assessor Course for surveyors, architects, building control officers and other relevant parties. It is NADC's position that all properties should have regular CCTV surveys conducted to identify potential points of failure in the drainage system before they result in serious issues.

NADC has introduced the DrainSafe Approved Contractor Scheme which is being rolled out across the country to help customers identify a contractor that they can rely on. The Scheme requires that all operatives are fully certified in all the disciplines that they offer, have appropriate insurance, clear and fair contractual terms with their customers and sign up to the DrainSafe Code of Practice. They must have an acceptable customer complaints handling process, and any unresolved complaints can be referred to an independent redress mechanism whose decision they must abide by.

EXHIBITORS

We are one of the largest independent firms of Residential Valuation Surveyors in the UK. Based in the East Midlands, we offer an excellent career path using the latest technology and software solutions, enabling our surveyors to carry out their job efficiently and effectively.

We are a national award-winning firm that carries out valuations and surveys for major high street banks, building societies, and specialist lenders through our appointments with the main surveying panels.

Other work includes valuations and surveys for local authorities and private clients, including Right to Buy Valuations, Help to Buy Valuations, and Shared Ownership Valuations.

We offer a varied range of residential valuation work that is supplemented with Home Surveys.

Recent accolades include winning Business Leader of the Year in the Specialist Lending Awards, PropertyWeek RESi Trailblazer Awards, and RICS Matrics Residential Surveyor of the Year Awards.

We currently have over 80 surveyors providing coverage in England, Wales, and Northern Ireland. We are aiming for full national coverage, so we are looking for surveyors to provide additional coverage and capacity to our lender and private clients.

Projekt 3 was founded by Kate Charrington (FRICS) in 2020 with a clear mission: to help independent residential surveyors future-proof their business through sustainability and standards. The company focuses on three key areas: home survey compliance through report reviews, education and training, and sustainability.

Kate is a qualified Retrofit Co-ordinator and has trained as a Climate Reality Leader. As a member of the RICS Professional Group Panel (residential) and expert working group member for the Home Survey Standard review, Kate strives to provide a strong voice for the millennial generation of surveyors.

With extensive experience reviewing home survey reports, Kate is passionate about empowering surveyors to excel for their clients. She helps her surveying clients deal with the current context of our world and supports them in implementing climate change and sustainability-focused reporting in their work. Her 12-week Future-proofing Home Surveys Programme encompasses the aspects of sustainability and standards in one convenient training package.

Contact Kate via:

The Residential Property Surveyors Association is the professional support you need to be an independent surveyor once you're qualified, or have decided to go it alone.

RPSA is a not-for-profit professional Association representing the interests of its members at national and Government level. But more than that, we support independent surveyors with a comprehensive package of benefits designed to help you run your business professionally, securely and with confidence.

Benefits, at no additional cost, include:

- Bespoke Terms & Conditions for clients
- Membership of The Property Ombudsman redress scheme
- Example Complaints Handling Process
- Policy documents for GDPR, H&S, ED&I, Enviro
- Guidance for competitive PI
- Code of Conduct
- RPSA Survey instruction panel
- The highest Survey Inspection & Reporting Standards in the industry
- The only New Build Snagging standards in the industry.

We are your voice at the "top table" of our industry, making sure that your interests are front and centre of the changes taking place in the world of home buying and selling.

RPSA membership is fully compatible with membership of other professional organisations, but adds that essential commercial and consumer-driven ingredient that will help make your business more successful and generate higher fees.

Full membership is just £180 a year making it the best value professional accreditation in surveying.

Residential Surveying

Sava provides education and skills to help look after the UK's 29 million residential properties.

We offer qualifications in the world of residential surveying. Our flagship diploma is respected by the industry and is designed for those looking to enter the professional world of residential surveying and valuation.

Key features and benefits:

- You'll be able to undertake RICS HomeBuyer Reports, valuations and other condition surveys
- It's vocational, meaning you're taught real life skills – so when you finish you'll be ready to start your career and start earning fees
- Gain a deep understanding of residential construction, pathology and valuation
- Study is part time, and can be completed in 24 months alongside your current job
- Includes direct entry into RICS under the survey and valuation pathway and accredited by the Chartered Association of Building Engineers (CABE)
- Training venues throughout the UK
- Flexible payment options available

Sava also offers a range of online training modules and virtual classrooms which can be taken as CPD to help you develop new skills or brush up on existing knowledge.

Our free, online library, Sava EDGE, holds a collection of technical resources for residential property professionals. You will also find the technical bulletins here. You can find Sava EDGE on our website here: sava.co.uk/sava-edge/

And of course, we also host the annual Residential Surveying Expo, which is taking place today! Come and chat to the Sava team about how we can help develop your expertise in the world of residential surveying.

You can find out more at www.sava.co.uk, by emailing hello@sava.co.uk or calling 01908 442 158.

Towards Zero Carbon

Sava has 40 years of deep understanding and experience supporting the UK's housing sector with analytical software and strategic support to help them meet their carbon reduction and fuel poverty objectives.

Over 220 housing providers across the UK use our products and services to manage energy efficiency strategies, covering 3 million homes.

Software

Our Sava Intelligent Energy software provides calculation, analysis and improvement planning for reducing energy and carbon in housing and uses data directly from asset management systems.

If you're interested in how this software works, please visit the Sava stand for a demonstration.

Analytics and Strategic Support

We analyse data, assist with zero carbon goals, and provide strategic advice and research.

Sava's consultancy services are focused on helping our customers address the challenges of net zero and addressing fuel poverty to create better buildings for the future.

Free Technical Webinars

Sava provides free 1 hour webinars which have been designed to improve your knowledge of energy analysis and maximise the value you get from our software.

Visit our website to find out more:

Sava would like to thank Scafol for sponsoring this year's event.

Established in 1989, SDL Surveying is the UK's largest independent provider of mortgage valuations. We work with most major lenders in the UK, managing well in excess of 200,000 valuations per year. In addition to lender valuations, we also complete a range of private home surveys directly on behalf of consumers.

At SDL, we fulfil our valuation and survey requirements via a mixture of employed surveyors and an external nationwide network of local independent chartered surveying firms. This community comprises almost 400 active surveyors who are associated with, or directly employed by, our business. This means that we can find a role that's suited to you, be this within our own staff model or within one of our smaller network firms.

We believe it's crucial to provide an environment where our people can flourish. We provide tailored mentoring support to help our team to continue their professional development, be this in their efforts to attain MRICS or even FRICS status.

Trainee surveyors can often feel isolated in their day-to-day role, so we've created internal social networking groups and regular social events too. These allow less-experienced team members to build a support-network of peers and refer to their more experienced colleagues easily.

All our surveyors are trained to use our iPad technology, which has been designed to enable our team to work as efficiently as possible. This affords extra time for our surveyors to complete additional work for bonus or enjoy an improved work-life balance, depending on where their priorities lie.

To enable our people to maintain a healthy body and mind, we also offer health and wellbeing plans, subsidised healthy breakfasts, lunches, and gym memberships.

For more information on joining our fast-growing team, please contact michele.southern@sdl surveying.co.uk or call 0345 308 5010 today.

Skyline Surveyors – MORE than just survey writing software

Are you the sort of surveyor that values quality and professionalism above all else?

Skyline offers the independent surveyor unique benefits that go beyond just report writing. Skyline is the ONLY survey software provider that is both an RICS Tech Partner and an Accredited Supplier to the New Homes Quality Board. With Skyline there are no upfront fees, no licence fees, no contracts and no joining fees – just PAYG. Skyline gives you pre-populated templates with hundreds of useful phrases and texts already for you to use, change and adapt to your own style. Skyline is desktop-based, and with a bespoke app for onsite use. Using Skyline will help you:

- Maximise fees
- Reduce your risk of claims and complaints and offer a complete suite of professional survey products including:
 - Building Survey
 - Home Buyers Survey
 - Home Condition Survey
 - Buy-To-Let Survey
 - New Build Snagging Survey
 - Schedule of Condition
 - Investment Report
 - Single Defect Report (that can be renamed to suit)

Remember, the only way your client can judge you is on the quality of your service (and that's down to you!), and the report you provide. That's why we help you to make Skyline reports deliver a bespoke-style product that maximises your fees. It's no accident that Skyline users command the highest fees in the industry.

Wherever you are at in your surveying career, you've got the knowledge – our job is to help you deliver that to your client quickly, efficiently, accurately, and looking fantastic. We're surveyors ourselves. So we're uniquely placed to understand your needs.

Valuation Chartered Surveyors is the residential surveying division of the Spicerhaart Group, which is the UK's largest independent integrated property group.

All of our Chartered Surveyors combine extensive experience and expertise with detailed local knowledge, which means customers receive a professional service that is tailored to their individual needs.

All of our Surveyors are members of the Royal Institution of Chartered Surveyors (RICS) and are regulated by RICS under the Valuer Registration Scheme.

At Valuation we communicate freely and are open, honest and passionate about what we do. We are obsessed with delivering an industry-leading service and we aspire to the highest professional standards in our industry. Our reputation is based on our high standards of honesty, integrity, quality and professionalism in everything we do, which is supported by an independently audited ISO Quality Management System.

We seek to continuously improve and have a thirst for enterprise and innovation. We empower our staff to exceed expectations wherever possible and we regularly scrutinise our operations and our customer feedback to ensure a consistently high standard of performance and service is achieved.

At Valuation, we treat everyone as an individual, we care about each other, our partners and our community.

EXHIBITORS

YOUR SURVEYORS

MAKING YOUR MOVE THE RIGHT MOVE

Yoursurveyors.com is a leading residential surveying business known for its innovative approach and exceptional service. They have recently gained recognition as the Best Residential Surveying Business – Southeast 2024 in the Southern Enterprise Awards and Residential Surveyors of the Year 2024 – Southeast in the BUILD Real Estate and Property Awards. These accolades reflect the company's commitment to excellence and its impact on the homebuying experience.

Founded by the winner of the 2022 RICS Young Surveyor of the Year award, Yoursurveyors.com has established itself as a prominent player in the property industry. The business's success is largely attributed to being the creators of the groundbreaking service, The Professional Negotiation Certificate. This unique offering has transformed the homebuying process for clients by providing them with a structured, expert-led negotiation service that ensures they invest at the right price.

The Professional Negotiation Certificate service equips homebuyers with the tools which enables them to negotiate effectively, minimising stress and maximising outcomes. Yoursurveyors.com's dedication to client satisfaction has set a new benchmark for residential surveying, and now they are offering the chance for AssocRICS, MRICS and FRICS surveyors to be a part of the journey and have their share of £8,000,000 worth of revenue on offer.

Become a Sava Assessor

Sava 

We are looking for experienced residential surveyors and valuers to join our team of assessors supporting learners for the Level 6 Diploma in Residential Surveying and Valuation.

- ✓ Choose the hours you work to fit in with your existing commitments.
- ✓ You will need to have at least 3 years of experience in both residential surveying and lender valuation, and hold up-to-date RICS membership.
- ✓ Assessment experience is not needed. Sava will provide full training and ongoing support to help you develop within the role.

Please send CVs to assessment@sava.co.uk for more information.

SIGN UP TO RECEIVE RECRUITMENT OPPORTUNITIES
